## Information retrieval

Produced by computer-controlled phototypesetting, these abstracts journals cover the world's periodical, conference and book literature and are extending into the fields of

reports and patents. Alphabetical author and subject indexes are given twice yearly.

**Physics Abstracts (PA)**, fortnightly. Individual members of the American Institute of Physics and the Institute of Physics & the Physical Society receive a privilege price if they order through their society.

**\*Electrical & Electronics Abstracts (EEA)** specialises in electrical and electronics engineering. Published monthly.

**\*Computer & Control Abstracts (CCA)**, monthly, covers computer science and technology, control and automation.

£80 (\$US 192) p.a.

£65 (\$US 156) p.a.

£35 (\$US 84) p.a.

\* Combined subscription to EEA/CCA: £80 (\$US 192) p.a.

## Current awareness

Each 'Current Papers' publishes the full bibliographic reference of every abstract in the corresponding abstract journal and is produced by computer-controlled phototypesetting. Individual members of the IEE, AIP, IEEE,

IPPS and IERE, wherever they reside, can obtain Current Papers at special privilege prices if they order through their own society.

**Current Papers in Physics (CPP)**.

Subscription renewals, orders, inquiries and changes of address should be sent as follows:

(1) For **Physics Abstracts** and **CPP** from AIP members, wherever they reside, and from the public in the Americas, to the Subscription Department, American Institute of Physics, 335 East 45th Street, New York, NY 10017, USA. Please allow six weeks' notice for changes of address. Send both old and new addresses and include an address label from a recent issue.

(2) For **Electrical & Electronics Abstracts**, **Computer & Control Abstracts**, **CPE** and **CPC** from IEEE members, wherever they reside and from the public in the Americas, to the Fulfillment Manager, Institute of Electrical & Electronics Engineers Inc., 345 East 47th Street, New York, NY 10017, USA.

(3) For all subscriptions not covered by (1) and (2) above, and for all **Cumulative indexes**, to IEE, Savoy Place, London WC2, England. Telephone 01-240 1871, Telex 261176, Telegrams Voltampere London WC2.

All other correspondence should be sent to: IEE Publishing Department, PO Box 8, Southgate House, Stevenage, Herts., England. Telephone Stevenage 3311 (s.t.d. 0438 3311), Telex 261176, Telegrams Voltampere Stevenage.

## Periodicals

**Proceedings IEE**, published monthly, contains papers of industrial and technological interest from engineers and scientists the world over. Each issue comprises three self-contained groups of papers on Electronics; Power; and Control and Electrical Science, and these can be ordered as separate publications—*Electronics Record*, *Power Record*, and *Control & Science Record*.

Subscriptions to *Proceedings IEE*:

£21 p.a. IEE Associates and Associate Members under 28 and  
IEE Students: £2 10s. Other IEE members: £5

Separate copies of individual papers are available when they have been published in the *Proceedings*. Price 2s. each

**Electronics Record** is published every two months, the papers being taken from the two previous issues of *Proceedings IEE*.

£10 p.a. IEE Associates and Associate Members under 28 and  
IEE Students: 25s. Other IEE members: £2 10s.

**Power Record**, quarterly, takes its material from the three preceding issues of *Proceedings IEE*.

£6 p.a. IEE Associates and Associate Members under 28 and  
IEE Students: 15s. Other IEE members: 30s.

**Control & Science Record**, quarterly, includes papers on control and automation and electrical science taken from the three previous issues of *Proceedings IEE*.

£6 p.a. IEE Associates and Associate Members under 28 and  
IEE Students: 15s. Other IEE members: 30s.

**Electronics Letters**, published fortnightly, is an international journal offering speedy dissemination of research and development results in electronics, control and allied subjects, in the form of communications up to about 1200 words in length. Publication is within two to six weeks of receipt, giving the engineer an immediate picture of the latest developments in the field.

£10 p.a. IEE members: £3

**Electronics & Power**, published monthly, is a wide-ranging magazine covering the complete field of interest of electrical, electronics, and control technology by means of articles, product reviews, correspondence, editorial comment and book reviews.

*Electronics & Power*: £8 p.a.  
IEE members: free

**IEE News** is a twice-monthly tabloid newspaper for the professional electrical, electronics and control-systems engineer.

IEE News: £2  
IEE members: free

**Students' Quarterly Journal** is received free of further subscription by all IEE Students, Associates and Associate Members under the age of 30. It caters particularly for the younger member, and specialises in concise, topical articles on the latest advances in electrical, electronics and control engineering.

20s. p.a. Senior members: 10s. p.a.

## IEE Conference Publications

Each conference is organised by one or more of the IEE Divisions, **Power, Electronics or Control & Automation**, or by the **Science & Education Joint Board**. The conferences thus survey the whole ambit of electrotechnology and control.

IEE Conference Publications are internationally recognised as up-to-date, authoritative reviews of development and progress in the various branches of electrotechnology and control with which they deal.
